The Body

This weekend the Men's Choir travels to Hawker to bless the Hawker community – we pray for them as they travel and as they serve God in this way. One week to go for the fair! We pray that this will be a great opportunity to connect with our local community.

I've had several days sick this week with a bad cold. At times like this it is interesting to reflect on how we are designed and the way the whole body is intricately woven together. When we have trouble breathing through the nose, headaches ensue; when the nose drips incessantly, it affects the skin; when we're sick, it is harder to sleep; speaking starts the coughing and there's the slow and addled brain ...

This reminds us of the church being the body of Christ. When one person or a group of people hurts or is sick, we're all affected. Just as the body joins together to fight off a cold, so together we care for each other, pray for each other, and walk with each other with the goal of being well again. This is the responsibility we have together and is also the joy of being in community together – we don't do life alone.

Together we continue in a period of reflection, prayer and listening to God and each other.

Blessings

Lynne
